February, 1998

To Whom It May Concern:

This letter is written to acknowledge the high quality and professionalism that C&H Fire Suppression Systems Inc. demonstrated during the installation of a full sprinkler system in our hotel of 200 bedrooms and 15,000 square feet of function space.

During the installation, C&H engineers and staff demonstrated care and understanding for the needs of our business, working with and around the hotel's busy schedule in a way that did not at all disturb the day-to-day operation of the hotel. The installation crews were very neat, tidy and co-operative, and the whole job went off without a hitch.

I have nothing but praise for the work done and I would not hesitate to recommend C&H to any prospective customer.

If you have any questions, please feel free to call.

Sincerely,

Andrei Kun  
General Manager
