Mr. Mike Heller
C&H Fire Suppression Systems Inc.
274 Shirley Avenue, Unit 103
Kitchener, Ontario
N2B 2E1

Dear Mike;

On behalf of Maple Reinders Constructors, I would like to take a moment to express my appreciation for C&H's Fire Suppression Systems' efforts on the Tech Town building in Waterloo.

Right from the start, we knew that the project was going to be demanding, and so we were very particular about the subtrades we included on our construction team. And from start to finish, you and your staff proved that C&H was the right choice for the job. Not only was your company instrumental in helping us meet a very tight construction schedule, you did so while incorporating numerous design changes, and with a true spirit of team work and cooperation.

Would you please pass along my appreciation to your staff, in particular Steve and Jim. They proved over and over again that they are true professionals, conducting themselves with integrity and a commitment to excellence from start to finish. Their 'get it done' attitude and attention to detail resulted in a project we can all be very proud of.

Thanks again, Mike. I'm looking forward to the next time we work together.

Sincerely,
MAPLE REINDERS CONSTRUCTORS

Lothar Mueller, GSC
Project Manager
