

FIRE SPRINKLER SYSTEMS DESIGNER

C&H Fire Suppression Systems Inc. is a family owned, privately held company with offices in Kitchener and London. We have been serving the industrial, commercial, institutional, and residential sectors of Ontario's construction industry since 1985. We specialize in design-build projects and are BIM compatible.

We are passionate about life safety and are looking for a sprinkler system designer to join our team from either our Kitchener headquarters or our London branch office.

Job Description

You will be responsible for designing both small and large projects. Your duties will include setting up and conducting hydrant flow tests with property managers, performing hydraulic calculations on new and existing sprinkler systems, complete as-built drawings, review and confirm all deliverables meet NFPA and local standards, etc.

Job Skills & Qualifications

- **MUST be proficient with NFPA 13 and have at least one year's experience in fire sprinkler system designs that are NFPA approved for both new and existing buildings.**
- Experience with HydraCAD / AutoCAD and hydraulic calculations required.
- Working expertise of 3D modelling design software (e.g., Revit) an asset.
- Ability to multi-task and prioritize work tasks.
- Professional attitude and ability to work with clients.

Compensation

- \$40,000.00 per year entry level (higher depending on experience).
- Paid weekly through Direct Deposit.
- Comprehensive Benefits Package including Medical, Health, Dental, Vision, LTD/STD, and Life Insurance.

We also offer:

- ongoing training and management support,
- career growth opportunities,
- an open-door policy and relaxed environment, and
- company sponsored social events.

Hours

Monday – Thursday: 8:00 a.m. - 5:00 p.m.

Friday: 8:00 a.m. – 12:00 noon
