

## **FIRE SPRINKLER SYSTEMS PROFESSIONAL ENGINEER**

Are you ready to join an established firm that is passionate about fire safety? Are you up for the job?

C&H Fire Suppression Systems Inc. is a family owned, privately held company with offices in Kitchener and London. We have been serving the industrial, commercial, institutional, and residential sectors of Ontario's construction industry since 1985. We specialize in design-build projects and are BIM compatible.

We are looking for an engineer (P.Eng.) to join our Kitchener team who shares our values.

### **Job Description**

You will be responsible for designing both large and small projects in the Kitchener-Waterloo area. Your duties will include reviewing documents, setting up and conducting hydrant flow tests with property managers, performing hydraulic calculations on new and existing sprinkler systems, complete as-built drawings, review and confirm all deliverables meet NFPA and local standards, etc.

### **Job Skills & Qualifications**

- **MUST have P.Eng. designation and be proficient with NFPA 13 and the Ontario Building Code.**
- At least one year's experience in fire sprinkler systems design that are NFPA approved for both new and existing buildings is required.
- Experience with HydraCAD / AutoCAD and hydraulic calculations.
- Working expertise of 3D modelling design software (e.g., Revit) an asset.
- Ability to multi-task and prioritize work tasks.
- Professional attitude and ability to work with clients.

### **Compensation**

- \$80,000.00 per year entry level (higher depending on experience).
- Paid weekly through Direct Deposit.
- Comprehensive Benefits Package including Medical, Health, Dental, Vision, LTD/STD, and Life Insurance.

### **We also offer:**

- ongoing training and management support,
- career growth opportunities,
- an open-door policy and relaxed environment, and
- company sponsored social events.

### **Hours**

Monday – Thursday: 8:00 a.m. – 5:00 p.m.

Friday: 8:00 a.m. – 12:00 noon
